# Monday Meeting

20.10.25 Meeting

Miscellaneous

Meeting with Chiara and Simeon on Monday.

Week Summary

- Implemented sPLL.

- Started reading about Predictive Coding Light.
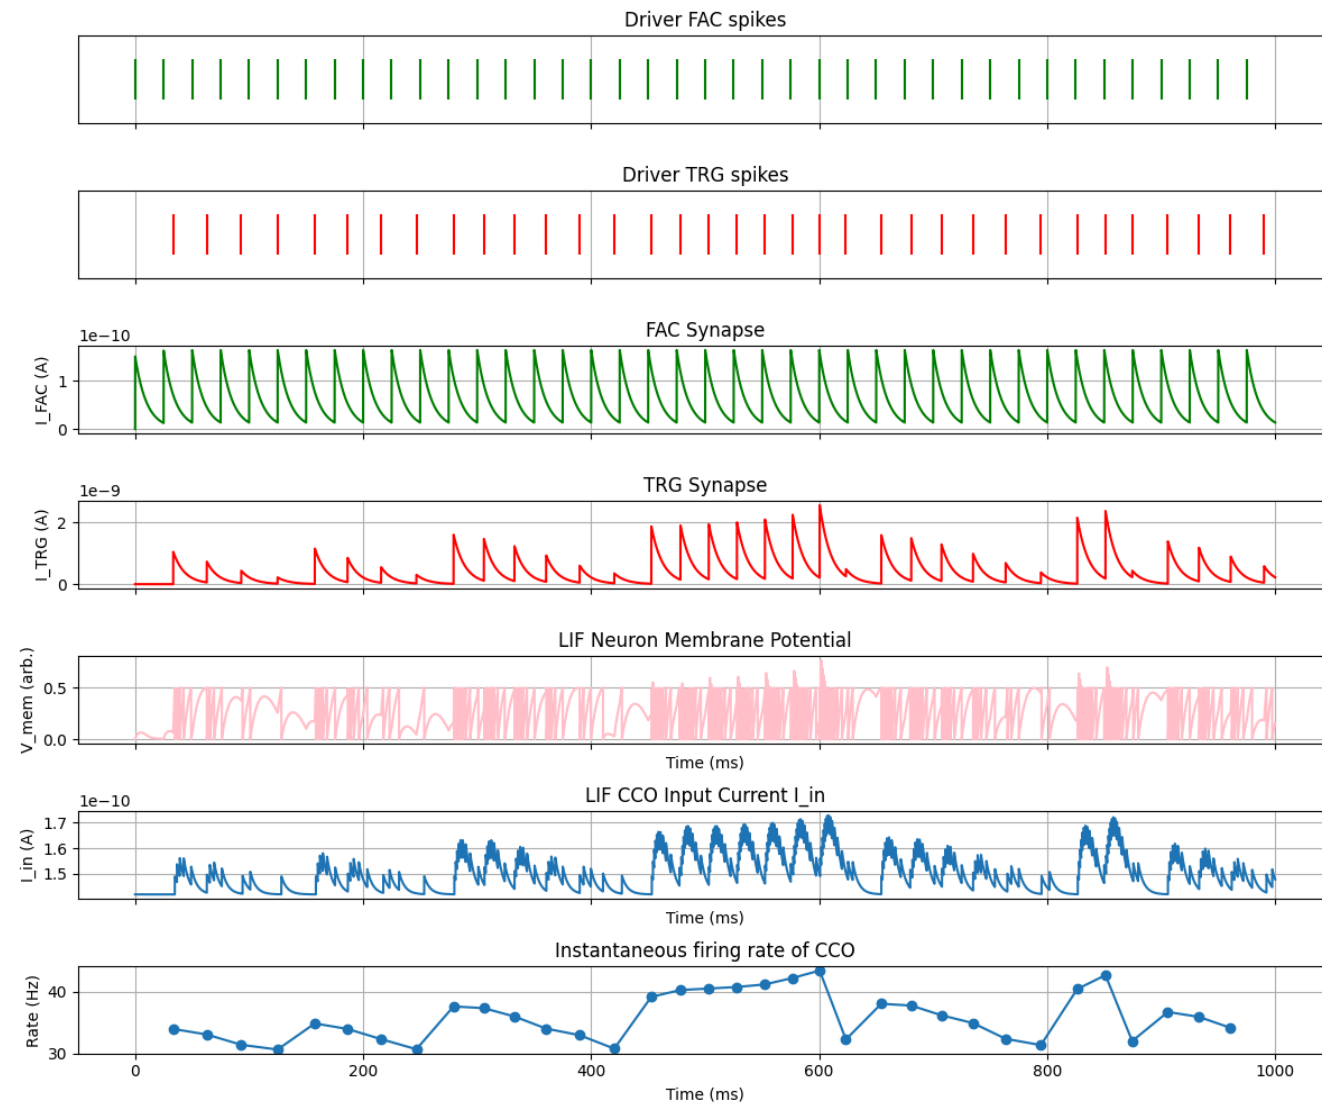

- Started looking at tactile experiment.

Implementation of sPLL

33 Hz input | 30 Hz CCO :

40 Hz input | 30 Hz CCO :

30 Hz input | 30 Hz CCO :

Next things to do

- Proceed with tactile experiment.

- Test the sPLL with noise ?

- Look into Christian toolbox for bursting PLL.

- Finish reading in details Predictive Coding Light paper to implement it.
